

Insinger is in Good Company.

Simply the best.

Premier, just like its location, The Rittenhouse Hotel, in Philadelphia, has been named one of the 20 best hotels in the United States by *Simply the Best* magazine. The hotel's restaurant, Lacroix, also holds a prestigious title as one of the world's best places to eat on the "2004 Hot Tables List" by *Conde Nast Traveler*.

What makes a restaurant great?

Well, it's more than just the food. Staff, furnishings, lighting and yes, even the kitchen equipment, are part of its success, and any one of them can make or break a restaurant's reputation.

Proud to be part of the Lacroix team.

Insinger delivers sparkling results for this world-class restaurant with a Rack-A-Matic Warewashing System. The dazzling china, glassware and silver all set the stage for a delicious and unique meal prepared by Chef Jean-Marie Lacroix, one of America's greatest chefs.

Versatile and labor saving.

Insinger's Rack-A-Matic Warewashing System can be furnished with any type of shelving, troughs, disposers, tray rests, security package or our Signature conveyor series to suit any operation and provide the highest level of efficiency.
