TRAC 321

Single Tank Tray Washer

528

Trays Per Hour

CrossFire™ Wash System

Made in the USA

SPECIFIER STATEMENT

Specified unit will be a TRAC 321 single tank tray washer with recirculating wash and fresh water final rinse. Features include color-coded curtains, CrossFire wash system, top-mounted NEMA 12 control panel, automatic tank fill, and capillary thermometers for wash and rinse. Includes a 1-year parts and labor warranty.

STANDARD FEATURES

- Washes 528 trays (15") per hour
- ColorCorrect curtains
- CrossFire™ wash system cleans tray surfaces from top, bottom and sides
- Top-mounted NEMA 12 control panel
- TRAC series is the only NSF® approved tray washing solution
- Automatic tank fill
- Capillary thermometers for wash and rinse
- Detergent connection provision
- Door safety switch
- End caps/pipe plugs secured to prevent loss
- In-line thermometer for final rinse
- Inspection door
- Left or right hand configuration
- Low water protection
- Manifold clean-out brush
- Override switch for de-liming
- Simplified scrap screen design
- Single point electrical connection: motor, controls and tank heat (Booster requires a separate connection)
- Standard frame drip proof motors
- Tray unload table
- Vacuum breaker on all incoming water lines
- Vents with adjustable damper controls

OPTIONS & ACCESSORIES

- Chemical sanitizer injector package for low temperature operations (dispenser by others)
- Electric booster
- Insulated hood and door
- Pressure regulating valve and line strainer
- Security package
- Stainless steel steam coil tank heat
- Steam booster
- Tray Dryer
- Tray Stacker
